

Progetto IHS – Induction Humidification System

THIS PROJECT HAS RECEIVED FUNDING FROM THE EUROPEAN UNION'S HORIZON 2020 RESEARCH AND INNOVATION PROGRAMME UNDER GRANT AGREEMENT NO. 811349

IHS Induction Humidification System

COP_H - Coefficient of Performance: > 40

SE_H - Supersaturation Efficiency: 100%

H₂O - Water saving: 65%

ES_H - Energy saving: 80%

PATENT IT 102018000007680

VDF VersaDrums Filter

FE_H - Filtration Efficiency ISO 16890 - ePM1 80% (F9)

Self compensating - constant working pressure

Compact design - space saving: 30%

FULLY PREASSEMBLED - ready to run
